

THE LIVER CIRCLE

Mission:

To empower and educate the public about liver health by sharing lived experiences and amplifying the work of partner organizations, ensuring every community has access to accurate, compassionate, and comprehensive information on liver disease.

Vision:

A future where lived experience drives liver health education and every patient finds their path to healing. A future where every person affected by liver disease feels seen, supported, and empowered—through shared experience, trusted partnerships, and compassionate advocacy.

THE LIVER CIRCLE

IT'S YOUR STORY.

Raise Awareness

Reduce Stigma

Promote Prevention

Support Research

Imagine a world where a liver disease diagnosis isn't a dead end, but a new beginning. Where the fear of a "transplant" is replaced by the power of knowledge and a supportive community.
